Mary:

I want to confirm that Jamie, Cathy, and I can meet with you and your clients in our offices starting at 9:30 AM CT on Wednesday, October 12, 2022. We would like to talk briefly with you, perhaps on Thursday, about the proposed meeting to get a better understanding of your goals for the meeting.

We also want to make you aware that the deadline for submitting the revised RI is October 12, 2022. We do not think your client can meet this deadline in part because EPA has sought additional information and the parties have agreed to a more iterative approach for finalizing the RI. We suggest that your client propose a further extension that takes into account the agreed upon process for finalizing the RI.

We look forward to speaking with you soon.

Sincerely,

Steven P. Kaiser  
Associate Regional Counsel  
U.S. EPA, Region 5
